

USE CASE: NIRF 2021 India Rankings

Problem Statements:

- Identify the states where the highest-ranking institute is located.
- Calculate the difference in scores between the top-ranked and bottom-ranked universities.
- Count the number of institutes in each state.
- What are the top 3 engineering institutes in West Bengal, and what are their corresponding ranks in architecture?
- Identify universities that offer both engineering and law programs.
- Find the engineering institute and law university located in the same city.

Table contains:

- University
- Law
- Dental
- Engineering
- Architecture
